

# Lebosol

**More than 30 years of experience in plant nutrition**

## Aminosol®

Organic leaf fertiliser –

Contains more than 20 different amino acids

Composition: 9.4% Total nitrogen (115 g/l N); 1.1% Total potassium oxide (15 g/l K<sub>2</sub>O)

Also contains: 0.25% total sulphur (S), therefrom 0.23% water soluble; 1.28% total sodium (Na), therefrom 1.26% water soluble; organic matter 66.3%

### Aminosol® benefits:

- ✓ **Over 30 years of experience**  
Unique formulation with confirmed effect for over 3 decades
- ✓ **Faster revitalisation when stressed by**
  - weather – too cold, too wet, too dry, too much sunlight
  - herbicides
  - planting
- ✓ **Higher yield and better quality**  
Amino acids/phytohormones ensure uniform development, better fruit set, better fruit size, uniform ripeness

### The manufacturing process is crucial:

**Aminosol®** emerges through a gentle, enzymatic hydrolysis of protein. This guarantees a broad spectrum of amino acids, which includes a very high proportion of L-amino acid (the plant can absorb only the L-amino acid).

## Recommendations for the use of Aminosol®:

### Spraying method:

- Stress reduction and foliar fertilisation: 2 – 3 l/ha
- Stabilisation of fruit set: 5 – 7.5 l/ha

### Immersion method:

- Immerse plants for at least 15 minutes in a 1% solution

### Watering method:

- Water plants with a 1% solution
